ASSASSINATED?

THE WHAMPOA CADET CHIEF.

CANTON RUMOURS.

A persistent rumour is current
in Canton to the effect that General
Chang Kai-shek, chief of the
Whampoa Cadets and concurrent-
ly Commander-in-chief of the for-
ces in Canton, has been assassi-
nated.

A usually well-informed corres-
pondent, who has just spent four
days in the city at Canton, informs
us that amongst the Chinese the
rumour mentioned is freely cir-
culating. It has not been possible,
he says, to secure actual confirma-
tion of the story, but he adds that
one thing is certain—namely, that
General Chang has been in serious
trouble and that he has made him-
self scarce.

A native of Chekiang, General
Chang Kai-shek received his early
military training in Japan, and he
was on Dr. Sun Yat-sen's military
staff when the latter first returned
to Canton to form a Southern
Government. He later became a
staff officer under General Chan
Kuang-ming, before the latter's
breach with Dr. Sun, and was
given a command in the field when
General Chan undertook his cam-
paign in Fukien. Later still, he
returned to Canton and threw, in
his lot with Dr. Sun after the
split with General Chan. He
again came into prominence some
little time ago in the attack on
Swatow, and latterly has been in
command of the Whampoa Cadets,
more recently still being made
Commander-in-Chief by the Canton
Government. He has worked
in the closest possible co-operation
with the Russian officers in Canton
and has been generally regarded
as an ultra-Red.

CANTON UNIVERSITY.

CHANGE OF NAME.

The University of Kwangtung
received, on the 14th instant an
order from the Executive Com-
mittee of the Canton Government
to change its name to Chung Shan
University as a perpetual memorial
to the late Dr. Sun Yat-sen.

It is reported that Chow Loo,
the President of the University,
a prominent ultra-Bolshevik, has
been elected by popular vote as the
delegate of Kwangtung to the
National League for Foreign
Affairs, to assemble soon at Peking.
During his absence, Chu Wen-
yi, the Dean of the University, is
to act as President pro tem.

It is also reported that 500
graduates of this University, most
of them coming from Hainan, have
been enlisted in the Cadets Corps,
in order to take part in the forth-
coming expedition against Tang
Poon-yan, the Tupan of Southern
Kwangtung, who, it is alleged, has
returned to allegiance to the
Central Government at Peking.

JAPANESE FLIGHT.

ARRIVAL IN GERMANY.

Koonigsberg Sept. 15.
The two Japanese airmen men-
tioned on August 23rd left Mos-
cow at six o'clock this morning
and arrived here at three o'clock
in the afternoon. They will con-
tinue to Berlin to-morrow.
—Reuter.

The airmen left Tokyo on July
25th for London, arriving at Mos-
cow on August 23rd.

KWANGTUNG UNREST.

THE LATEST REPORTS.

Chinese hailing from the districts
about Swatow, Waichow and Moy
Yune, who are residing in Canton,
held a mass meeting on the 12th
instant, in the auditorium of the
Kwangtung University, to discuss
the urgency of sending an expedi-
tion against troops belonging to
Chan King-ming who are now
stationed in the above named
districts. It is said that a
unanimous resolution was passed
to the effect that those present
should petition the Canton Govern-
ment requesting that an expedition
be sent immediately to restore
order in the districts so that the
people may be relieved of the suffer-
ings and miseries caused by the
ravages of constant warfare and
by over-taxation. It is said that
Gen. Chang Kai-shek has approved
of the petition and that orders have
been given to mobilise a regiment
of the Cadets Corps at Waichow at
once.

General Hsiung Keh-wu, of Sze-
chuan, hitherto believed to be an
ultra-Red, is reported to have
arrived in the Shui Hing district
with a part of his forces. It is
also reported that Gen. Tsai Ku-
yao, with his defeated Hunanese
troops, has also arrived at a place
near Shui Hing. The attitude of
these two generals is not quite
clear, as the reports which have
come in are conflicting. Further
developments must be awaited to
determine whether they will
embrace the Bolshevik cause or join
hands with anti-Bolsheviks.

ST. ANDREW'S SOCIETY.

THE ANNUAL REPORT.

The following is the report of
the Committee of the Hongkong St.
Andrew's Society for presentation
at the annual general meeting to
be held at the City Hall, on
September 25th:—

Your Committee have pleasure
in presenting to you the Report
and Statement of Accounts for the
year ended 31st August, 1925.
The balance at the credit of the
Society now stands at Hongkong
\$2,909.37 to which must be added
the sum of Straits \$6,700.00 invest-
ed in 5½% Straits War Loan.

The Annual Ball was held in
the City Hall, on 28th November,
St. Andrew's Day being a Sunday.
A Robert Burns Birthday dinner
was held on the 23rd January, at
the Hongkong Hotel.

The sum of \$1,402.32 was
expended during the year in
assisting distressed Scotsmen.

The "J. R. M. Smith" Scholar-
ship was won by Miss Christina
Allison of the Central British
School.

Your Committee deeply regret to
record the deaths of Messrs. John
Bell-Irving, and M. A. J. Searle.
During the year 78 new Members
joined the Society and it is hoped
Members will continue to give
their assistance by bringing for-
ward new names.

The accounts have been audited
by Mr. R. L. Moncrieff to whom
our thanks are due.

The report is signed by Mr. J.
Reid (President) and Mr. A. Ritchie
(Hon. Secretary).

The accounts show that the
subscriptions amounted to \$1,326,
which, together with interest and
the \$2,926.76 brought forward from
last year, made a total on the
General Account of \$4,678.16.
After deducting \$1,402.32 spent in
charities and \$366.46 general dis-
bursements, the year closed with
a balance in current account with
the Hongkong and Shanghai Bank
of \$2,909.37.

The Ball Account shows that last
year's ball cost \$11,152.45, which
was met by subscriptions.

The s.s. Honam returned from
Canton last evening. Just before
leaving Canton the buoy to which
she was moored fouled the ship's
paddle-box, doing some damage
which will require attention here.
As a consequence, the sailings to
Canton have been temporarily
suspended.

MOTORIST JAILED.

EUROPEAN GETS SIX WEEKS.

PLEA OF "NERVES."

A confirmed offender, according
to the police traffic department
records, C. W. Mackenzie, who is
employed at the Talkoo Docks,
appeared on remand, before Mr.
S. B. B. McElderry, at the Central
Magistrate's court, in connection
with an investigation into the cir-
cumstances of the fourth accident
in which he is alleged to have been
involved. The charges preferred
in the present instance, which were
of driving in a furious and negligent
manner and of failing to report an
accident, arose from an accident
occurring at 11.30 p.m. on the 7th
instant, in Queen's Road Central.

As detailed by Acting Chief In-
spector Kent, who prosecuted, de-
fendant was proceeding along
Queen's Road Central, when, as
a result of an accident, which the
prosecution alleged was entirely
due to defendant's manner of driv-
ing the car, two Chinese, a man and
a woman, were left on the road-
way after being knocked down by
the car. The car was driven away
by the defendant, and when de-
monstrated with by the other oc-
cupants, he told them to mind their
own business, as he was the driver.
One of the occupants made an at-
tempt to turn round the wheel
with the intention of bringing the
car back to the spot where they
had left the injured, but he
frustrated this move and accelerat-
ed the machine. Through informa-
tion later received by the police,
the defendant was traced and taken
into custody.

Mr. F. G. Vaux, appearing for
the defendant, was informed by
the Magistrate that the defendant
had already pleaded guilty to the
charges.

Mr. Vaux explained that defend-
ant had expressed his extreme
regret over the accident. He had
found all his available cash to put
up the bail, and would now make
compensation to the best of his
ability for the injuries caused to
the victims of the unfortunate ac-
cident. Defendant had been suf-
fering from nerve complaints and
was really not a fit person to drive
a car. He had not that sense of
the road which a driver should
have, and when he met with the
accident, he completely lost all con-
trol of himself. The car was not
a valuable one, and he now intend-
ed to sell it and use the proceeds
to compensate the injured persons.
He begged for leniency from the
Court.

Defendant also made a statement
in which he said that "words can-
not express my sorrow at the un-
fortunate accident." He begged
to be allowed to compensate the
injured persons, stating that the ac-
cident was not due to carelessness,
but to loss of nerves. He had
since found out that, in view of
this condition, he was not a fit
person to drive a car.

The Magistrate detailed the de-
fendant's previous record. This
shows that in 1924 Mackenzie was
brought up on two different occa-
sions for similar offences and fined
\$100 at each of these appearances.
In the early part of this year,
he was also convicted and fined.
In view of defendant's past re-
cord, his Worship said he could
not give him the option of a fine.

His Worship sentenced defend-
ant to six weeks' hard labour and
ordered a sum of \$25 to be paid by
the defendant as compensation to
the injured man and woman, the
latter of whom is still confined in
hospital.

Last week's health return
shows six cases of typhoid (three
fatal), the sufferers being four
Chinese, one Dutch and one In-
dian; one non-fatal British case
of diphtheria; and one Chinese
death from influenza.

SHANGHAI RIOT.

POLICE CHIEF FORMALLY SUSPENDED

PENDING ENQUIRY.

Peking, Sept. 15.

The Senior Minister has handed
to the Foreign Office a Note on
behalf of the interested Powers
stating that the Powers, having
recently decided to request
Britain, the United States and
Japan to designate jurists for the
Commission of Enquiry in order
definitely to clear up the un-
fortunate incidents on May 30th
at Shanghai, now express the hope
that the Chinese Government
will see fit to appoint a Chinese
jurist to sit on the Commission.

The Note adds that the Shang-
hai Municipal Council has bound
itself to abide by the findings of
the Commission, and that the
Commissioner of Police (Mr. K.
J. McEuan) will be suspended
without prejudice until the com-
pletion of the enquiry.

The American Commissioner is
Justice E. Finley Johnson, of the
Philippines Supreme Court; the
British Commissioner is Sir
Henry Gollan, Chief Justice of
Hongkong; and the Japanese
Commissioner is Judge Kisaburo
Suga, Chief Justice of the Court
of Appeal at Hiroshima.—Reuter.

MOROCCAN WAR.

ARREST OF ALLEGED TRAITORS.

Paris, Sept. 15.

A message from Casablanca says
Marshal Lyautey has arrived.
According to a Pez telegram,
evidently the reported capture of
the Bibane heights is premature.
French artillery and aircraft bom-
barded this position yesterday;
otherwise all is calm.

Casablanca reports indicate that
the two Communists, Calvad
and Brebant, have been arrested
on a charge of inciting the troops
to mutiny. They will be court-
martialled.—Reuter.

NEW STEEL.

BIG ECONOMIES CLAIMED.

Berlin, Sept. 12.

A new process of producing
steel, mentioned by the Deutsche
Allgemeine Zeitung, invented by a
Swiss named Bosshardt, can
effect a saving of forty per cent.
in weight and thirty per cent. in
cost, for constructional purposes.

against Yorkshire, Hobbs reach-
ed 3,000 runs in one season, for
the first time in his career.—

LATE SIR JOHN JORDAN.

A MARK OF RESPECT.

Geneva, Sept. 15.

The League Committee for the
protection of women and
children suspended business for a
minute as a mark of respect to
the late Sir John Jordan.—Reuter.

A junkmaster was fined \$15 at
the Marine Court this morn-
ing for being under-way without
carrying regulation lights. A
lighter-master was charged with
anchoring in the Southern Fair-
way. He was fined \$10.

INDIAN ARRESTED.

HELD BY CANTON STRIKERS.

"HONGKONG DETECTIVE."

It will be recalled that an Indian
was recently reported to have been
arrested by the Strike Committee
in Canton and thrown into prison,
going through the same experi-
ence, apparently, as the two Hong-
kong journalists who went up on
the Honam. This is the version
of the affair published in the *Can-
ton Gazette*:—

"Having learned that there was
an Indian detective who was sent
to Canton by the Hongkong Go-
vernment as a spy to report on
present conditions in this city
pickets were sent by the Strike
Committee to Saihohau, West
Bund, where they discovered and
arrested the Indian. The latter was
then taken to the Strike Committee
for enquiry. The arrested man
admitted that he had come from
Hongkong, but denied that he was
a detective sent by the Hongkong
Government. But upon investi-
gation he was found to have been
sent from Hongkong to report on
the condition of the strikers. He
was detained therefore by the
Committee for further investi-
gation."

Seemingly, anyone having the
temerity to visit Canton these
days must, in the eyes of the
strike committee, be a Hongkong
detective.

RAILWAY STRIKERS.

CANTON'S "FINANCIAL STRINGENCY" PLEADED.

The demand for an increase of
wages by the Canton-Kowloon
Railway workers (Chinese
section) was forwarded to the
railway authorities more than
a fortnight ago. Proposals were
made by representatives from
both parties.

A reply was recently given by
the railway authorities to the
workers saying that owing to
financial stringency the railway
cannot meet the demands of the
workers, for while the railway
may easily make promises it will
not be able to carry them out,
besides, the demand for a reply
in so short a time means danger
to the welfare of the railway.

It is said that the workers are
preparing to take other measures
to urge an early settlement, as
they regard the attitude of the
railway authorities as insincere.

DUTCH BUDGET.

GOVERNMENT'S RETRENCHMENT POLICY.

The Hague, Sept. 15.

In making his Budget Speech
for 1926, the Minister of Finance
estimated that the ordinary ex-
penditure would be 583 million
florins, and the receipts 592
million florins. He estimated ex-
traordinary expenditure at 61
million florins and extraordinary
receipts at three million florins.

He pointed out that the figures
did not represent the situation
accurately because various mea-
sures were being prepared which
would increase the expenditure.
A reduction of taxation being im-
practicable, relief must tempo-
rarily be sought by a careful and
constant process of retrenchment.

The Government was develop-
ing a scheme of reorganisation in
Naval Administration so as to
make a very considerable propor-
tion of the fleet allotted to the East
Indies to come within the Colonial
Department, while the home de-
fence section would be adminis-
tered by the Department of
National Defence.—Reuter.

CANTON OUTLOOK.

SOME INTERESTING ITEMS.

(Our Own Correspondent.)

Canton, Sept. 14th.

Money is scarce in the city at the
moment. A \$10 Hongkong note will
still exchange for \$12.80 Canton
silver at any exchange shop. A
few native banks are refusing to
handle Hongkong notes. The rea-
son for this attitude can easily be
conjectured.

There are hundreds of people who
want to return to Hongkong, but
are unwilling to pay the bribes.
Rumour says that twenty dollars a
head will buy permission from the
strike pickets.

The latest excitement is the
census of the city by the Municipal
Authority, Dr. C. C. Wu. The
census to be taken from September
21-23, and is to be carried out
much more thoroughly than any-
thing hitherto attempted. The
census office has issued an appeal
to the colleges and schools, asking
for two thousand student volun-
teers to help in filling in the papers.
It will be interesting to know
the response the students make
to this appeal, for they have talked
a great deal about social service
and the like.

The Whampoa Road, which is
being constructed by the forced
labour of the strikers, is attracting
attention. The work is done in a
business-like way and good progress
has been made. A toy-railway is
carrying the stones and other
materials along the track, a steam-
roller is at work, and there is every
prospect of the job being finished,
if the "strike" lasts. The scheme
includes a tarred surface to the
road, and rumour says that a Ger-
man firm has contracted to provide
the tar, etc.

Communication between Shameen
and the city is maintained by an
American motor-boat which makes
two trips daily at 10 a.m. and 4 p.m.
The Custom House is busy, but no
"British" goods are cleared. This
is rather amusing to anyone who
can see through the labels! The
general appearance of the city is
normal; building operations, how-
ever, are at a standstill; motor
traffic has stopped, except for the
Tung-shan motor-buses, that are
now managed by the municipal
authority, and run very irregularly.

The residents on Shameen are
optimistic and have the fullest con-
fidence in the way the situation is
being handled by their representa-
tives. The *esprit de corps* of the
men in the hongs is praiseworthy,
and the fact that their wives are
returning to the concession is
evidence of the improved outlook.
On Monday afternoon a success-
ful Gymkhana was held on the Brit-
ish Concession, when the interna-
tional spirit displayed was most
encouraging—the Indian troops
fraternizing with the British and
French.

TRUCULENT TURKS.

VIOLATION OF NEUTRAL TERRITORY.

Geneva, Sept. 15.

Details of the Turkish incursion
in Mosul are embodied in a report
by the High-Commissioner of
Bagdad, stating that on September
8th the Turks surrounded the Chris-
tian village of Baijo and removed
the inhabitants to Karcar. They
surrounded the Christian monastery
near Zarawak. One hundred and
twenty Christians escaped and took
refuge at Pirak. On September
10th the Christian refugees arrived
at Zakho in a state of terrible
destitution. They stated the Turks
were deporting all Coptic Chris-
tians, numbering eight thousand, to
Bashkaf.

The British delegation draws the
attention of the League Council to
the attitude of Turkey, who is
apparently renewing the policy of
systematic removal of all Christian
populations from the territory be-
tween the line claimed by Britain
and the so-called Brussels line,
which Britain and Turkey last year
mutually promised to respect.—

THE "WAH SHAN"

CANTON GOVERNMENT'S STORY.

OFFICIAL ACTION.

The Canton authorities are
now claiming that there were
Chinese anti-Red officers aboard
the s.s. Wah Shan when she was
recently seized whilst on the way
to Hongkong with food-stuffs,
and, moreover, that political
documents were found on the
boat. It has therefore decided to
take the case out of the hands of
the Strike Committee. So much
is disclosed in the following from
the *Canton Gazette* on Monday:
"A special correspondent reports
that the steamer Wah Shan was
found transporting provisions to
Hongkong. She was seized by the
pickets immediately. Several
officers under Tang Poon-yan
were arrested on board the stea-
mer. They were brought to the
Strike Committee at Canton."

"The Nationalist Government
has ordered the Strike Committee
to transfer the case, including
criminals and steamer, to the
Government for judgment as
documents relating to political
matters were found on the crimi-
nals when their arrest was
effected."

SHIPPING STRIKE.

CREW SENTENCED AT CAPE TOWN.

Cape Town, Sept. 15.

The crew of the s.s. Ballarat,
charged with contravening the
Merchant Shipping Act, have been
found guilty individually of
wrongfully disobeying the lawful
commands of the Master. The
minimum sentence of 21 days'
imprisonment was imposed on
each of the two counts on which
the men were found guilty. An
appeal has been lodged and bail
fixed at £10 each man.—Reuter.

BOAT SAIL.

Durban, Sept. 15.

The steamer Port Curra, crew
of which were known to favour
the strike, has sailed unexpectedly
for Port Sudan. It is not known
how the boat managed to get away.

The steamer Essex Envoy has
also sailed having gathered a
scratch crew locally.—Reuter.

Cape Town, Sept. 15.

Fourteen of the crew of the
Sophocles and twenty-nine of the
mailboat Arundel Castle, have
been sentenced to six weeks' im-
prisonment. Appeals have been
lodged.—Reuter.

FRENCH AFFAIRS.

PREMIER MAKES ANNOUNCEMENTS.

Paris, Sept. 15.

At the conclusion of the "Gabin-
et" meeting, M. Painleve an-
nounced that M. Caillaux had
been given full powers to negoti-
ate the debt settlement with the
United States.

M. Painleve also said that the
preliminary operations in Moro-
cco had given very satisfactory
results and that further move-
ments were being prepared to at-
tain decisive objectives before the
rainy season.

The situation in Syria was calm
and General Gamelin would com-
mand the column to carry out
necessary pacification operations.
M. Painleve concluded that
there was no political significance
in Mr. Baldwin's conversations in
Paris yesterday.—Reuter.

EARLIER TELEGRAMS.

CONDITIONS IN THE NETHERLANDS.

The Hague, September 15.
In her speech from the throne at the opening of the new session
of the States General, the Queen declared that in many respects the
country had reason to be grateful as the position of agriculture and
horticulture was generally satisfactory, though the future outlook
was not so bright.

Commerce and industry were still beset with difficulties largely
owing to economic conditions outside Holland. The general situation
was somewhat improved though there was still ground for anxiety.

The danger disturbing the State's financial resources was past.
Thanks to the radical measures adopted the financial situation con-
tinued to develop favourably and a reduction of burdens might shortly
be considered, but the most sober administration of the State's
finances was still imperative.

Holland's relations with foreign Powers were most cordial and
efforts would be immediately made to gradually reduce Holland's
military forces compatibly with the international situation. Measures
were being considered for the establishment of a Department of
National Defence to which the interests of the army and navy would
be entrusted so far as it did not concern the Colonies Department.

As regards the colonies the influx of capital was essential to
meet the growing needs of the people, but care must be taken that
the interests of the native populations were not adversely affected.—

EVADING THE SILK DUTIES.

London, September 15.
The Times Manchester correspondent says one effect of the duties
on imported artificial silk is the formulation of plans for its manu-
facture in Lancashire. It is understood that Sir Edwin Stockton will be
chairman of one new company which is at present negotiating for a
suitable factory.—Reuter.

TURKS ENCIRCLE CHRISTIAN VILLAGES.

Geneva, September 15.
The British Government has received information that the Turks
are encircling Christian villages in the disputed territory of Mosul
and are driving the inhabitants northwards. Some of the latter
escaped and crossed the frontier of Iraq. Mr. Amery has submitted
the matter to the Council of the League of Nations.—Reuter.

KOWLOON BOARDING HOUSE.

FAILURE TO MAKE RETURNS.

Another Proprietress Cautioned.

Mrs. E. O. Murphy, the proprie-
tress of the Empress Lodge, ap-
peared on remand before Mr. E. W.
Hamilton at the Kowloon Magis-
tracy yesterday on a charge of
failing to make the required re-
turns for the months of June,
July, and August.

Mr. T. H. King, Director of
Criminal Investigation, prosecuted,
and Mr. J. T. Prior represented
the defendant.

At the resumption Mr. King said
he regretted that he was unable to
prove actual service of a premoni-
tory letter. The sergeant could not
confine himself to any particular
date or place of the delivery of
letters. Under the circumstances
he asked his Worship to deal with
the case as a technical offence and
not aggravated by previous warn-
ings as in the cases previously dis-
posed of.

His Worship, after taking the
formal evidence of no returns
having been made, intimated to
Mr. Prior that he intended to cau-
tion the defendant and asked if
he (Mr. Prior) desired to continue
with the case.

After consulting his client Mr.
Prior pleaded guilty to a technical
offence and the defendant was
cautioned.

JAPANESE SENTENCED.

FIGHT ON BOARD S.S. TAIKWA MARU

Slightly Intoxicated.

During the s.s. Taikwa Maru's
last visit to the Colony at the com-
mencement of the month, the quar-
termaster, Yo Tenka, a native of
Formosa, and an Indian guard had
a dispute which resulted in a fight,
during the course of which the
Japanese stabbed the Indian with
a knife. The chief officer, on
hearing a commotion rushed to the
scene and found the two struggling,
the quartermaster with a knife in
his hands. The knife was taken
away from the man, and the chief
officer put the instrument into his
pocket. The men however, con-
tinued the fight and the quar-
termaster grabbed the knife from
the officer's pocket and stabbed the
Indian.

As a sequel to the fight the quar-
termaster appeared before Mr. E.
W. Hamilton at the Kowloon
Magistracy yesterday and pleaded
guilty to a charge of cutting and
wounding.

Making a statement in the wit-
ness box in extenuation, the de-
fendant said that he had had a
quarrel at Amoy with the Indian
guards, one of whom threatened to
shoot him. Ever since he had not
been on friendly terms with the
guards. The accused added that
he was slightly intoxicated when
he committed the offence.

His Worship said that as the
defendant had made an honest
statement concerning the affair and
had certain amount of provocation,
he would deal with him leniently.
The defendant was further given
an excellent character by the chief
engineer.

His Worship imposed sentence of
three months' hard labour.

THE HSINWAH INCIDENT.

**WHAT HAPPENED AT
SWATOW?**

Another Account of the Affair.

Recently we published an account of an incident at Swatow in which it was stated that some of the sampan men at that port had refused to let their craft be used in an endeavour to obtain a doctor to attend the third engineer of the str. Hsinwah, who was lying on the vessel seriously ill. The following report made by the master of the Hsinwah has been supplied to the N. C. D. News.

"The ship arrived at Swatow on August 13 at 5.15 p.m. and moored alongside the Coy's pontoon. The agent was communicated with and requested to send a doctor on board as the third engineer was sick. At 7.00 p.m. the agent advised that he was unable to get a doctor before the following morning, as all the doctors were living at the other side of the harbour. A Customs officer was passing by the ship in his boat about this time, so he was asked if he could get a doctor for the ship. He also stated that all the doctors lived across the harbour and that it would be necessary to send across for one. As H.M.S. Bluebell was then lying moored only a short distance away it was decided that it would be quickest to request their doctor to come aboard, so one of the Hsinwah's boats was lowered and sent with the chief officer to the Bluebell. The doctor from that ship came aboard immediately, examined the patient, and then advised that as H.M.S. Foxglove was leaving for Hongkong on the following day it would be best to send him by her to the Gov't Civil Hospital at Hongkong. The next morning the doctor came aboard

again and the sick man was then placed in the man-of-war's boat and conveyed to H.M.S. Foxglove.

During all this time the Hsinwah was moored alongside the Company's pontoon, so there was no necessity for anyone to go ashore for a doctor in the first place, hence no sampan was needed then. Furthermore, no efforts were made to secure a sampan to go to the Bluebell, for the Hsinwah's own boat was used. The Chinese crew did not show the slightest hesitation whatsoever in lowering and manning the boat, for they showed a very willing spirit as they knew a doctor was needed."

WEARY--ALWAYS WEARY.

No Energy--No Vigour--No Strength.

Such is the distressing state of thousands of jaded men—and women—one meets in every part of the Far East. These men and women go on dragging out their listless, languid lives, blaming everything but the real cause for their depression. Where others become enthusiastic they take little or no interest. They turn from attractions that absorb their more energetic fellows. Exertion they dread. They eat, but as a duty, not a pleasure. Fits of yawning attack them at unusual moments. Their energy has vanished, they feel "used up," weary and unhappy.

It is expecting too much from the nervous system, or the digestive organs, to keep on working well unless sustained by a constant supply of

PURE, RICH, LIFE-RENEWING BLOOD.

And it is in just this essential—and little else—that these enervated people are deficient. Daily with proper treatment—the tonic treatment of Dr. Williams' Pink Pills—they would regain all they have lost, would recover appetite, weight and health.

New energy and new life have been given to thousands of sufferers from anaemia, nervous debility, brain-fag, indigestion and general weakness by Dr. Williams' Pink Pills for Pale People. Acting as a powerful tonic on the whole system through the blood and nerves these pills are a proved remedy for the special ailments of the weaker sex. Dealers everywhere sell them, or post free, \$1.50 per bottle, \$8 for 6 bottles, from the Dr. Williams' Medicine Co., 60, Kiangse Road, Shanghai. See that every package you buy bears the words:—

WEDNESDAY, SEPT. 16, 1925.

THE REPLY.

There is very much more than formality of reply contained in the telegram answering that which was sent from the public mass meeting held in the Theatre Royal in August, for the policy of the Imperial Government is definitely expressed therein. Whether that policy is one that will best please or suit Hongkong we very much doubt. When it is stated that His Majesty's Government fully realised the disastrous situation and is seeking by every means in its power to find a remedy consistent with treaty engagements with other Powers it is clearly conveyed that the Home authorities are treating the situation in China as one problem and have not grasped the fact that the situation of Hongkong vis-a-vis Canton is a special local problem calling for special local action. The sympathy of His Majesty's Government is rather cold comfort when it is conveyed in conjunction with an assurance that a remedy "likely to serve the vital interests of the Empire as a whole" is being sought because such a statement strengthens the belief, which is now a surety, that nothing will be done to make Canton give up its campaign of antagonism to Hongkong which is not a part of the general Imperial effort to mollify the fractious elements of China as a whole. In other words, we have got to wait for the holding of the judicial enquiry at Shanghai into the incident of May 30th, for the holding of the Customs Tariff Revision Conference, and for the general simmering down of China, while all the time we know that the Bolshevik element in Canton will take not the slightest notice of any decisions come to in the North and is daily strengthening itself in the mad determination to bankrupt both the Chinese and foreign merchants of Hongkong. If our problem here was the same as the problem of Britishers and foreigners at Shanghai, Hankow and other Treaty ports, we should have no justification for asking for special action, although we should have every justification for com-

plaint at the inordinate length of the preliminary negotiations which so far have only led up to the decision to hold an enquiry and a conference. Our problem is, however, a different one—not how to give expression to Chinese sentiments of nationalism, but how to bring about the timely overthrow of a "Red" regime in Canton which is non-Chinese in direction and which not only threatens to bring about the ruin of all trade intercourse but which constitutes a distinct and direct menace to the peace of China by its utter disregard for that country's treaty obligations.

The Home Government does not, apparently, yet recognise that fact, but it can never be said that we of Hongkong did not tell all that we knew. We have now but to wait loyally for the slow correction which it is hoped, that time, will bring, but in that process of waiting there will be much individual hardship and tremendous pecuniary loss. Some will not be able to wait unless they are helped, and it occurs to us that if His Majesty's Government is as fully cognisant of the problem here as they state, then they might attempt, if possible, to provide financial succour for those who are suffering and who will, otherwise, have ceased to be in a position to benefit when the Imperial policy of patient waiting will have brought its reward, if any.

The Strong Hand.

There is a very interesting development, in the widespread seamen's strike, in the wholesale arrests of men who refuse duty. It represents the strong hand, and opens up the problem of whether or not it is quite wise. We do not for a moment suggest that the action is not perfectly justified, for the men have signed articles and therefore come under the category of employees who are breaking contracts. However, they themselves, and other branches of Labour, will consider the strike more a matter of industrial revolt against unfair conditions of either work or pay, that is, no different from any of the disputes which involve coalmining and other big industries. Therein lies the danger of the practice of arresting those who refuse duty, for it does not follow that the strikers will be coerced thereby, nor that their place will readily be filled. The feeling is already very bitter, and is likely to grow worse as the days go by. In the end the authorities in Australia and elsewhere might find that their gaols are full of recalcitrant seamen, and that the trouble is no nearer solution. It seems to us to be a matter for immediate calling of a conference, and the drawing up thereof of some form of compromise. Just as the coal crisis was averted, for a time at least, so there should be a way temporarily out of the present impasse in the seamen's strike. Their wages can remain at the same scale while a commission sits to decide the whole question. Unfortunately, this is likely to represent a victory on the part of men who are repudiating the agreement of their own representatives, and probably accounts for the reluctance of the shipowners to give way: but short of a revolutionary alteration of the modern trend towards social betterment, with its consequent unrest, concessions will have to be made, and we fail to see that anything which can be construed as tactlessness is likely to improve matters.

"Death Rays".

There appeared in our columns recently a reprinted article from an American paper about the "death stroke" of a certain Dr. Scott, of San Francisco, which was reputed to be able to kill at twenty miles range, bring down aeroplanes, and do various other wonderful things. We reproduced this article as an item of general interest, but will not vouch for its accuracy, nor even suggest that it is founded on substantial discoveries. The first news about this invention was permitted to become public several months ago, and by now no doubt has gone the round of the world's Press. It is somewhat amusing, therefore, to see by a cabled item recently appearing in a contemporary, that the subject has been taken up very seriously in Japan, where the "death stroke" is evidently considered to be a menace to future world peace, and particularly a threat to Pacific cordiality. Our- selves, with vivid recollections of the notorious "ray" of Mr. Grindle Matthews, we are inclined to receive these items with the proverbial grain of salt. There might be a great deal in them—or there might not. In any case, if they make war impossible, they are to be welcomed rather than viewed as probable menaces to our present "civilised" methods of killing our fellow-men. But as propaganda, political or otherwise, they must fail lamentably in these days of enlightenment.

It is very pleasing to note that for the first time in the history of the Colony, Chinese ladies have been appointed by the Government to sit on the Committee which is dealing with the Chinese marriage question, says the Singapore Free Press. The appointment of Dr. (Miss) Lee Choo-neo and Mrs. Lim Han-ho, both of Singapore, and Mrs. Lee Tian-siew, of Penang, is looked upon as peculiarly appropriate in that, since the terms of enquiry have been broadened, there should be some ladies on the Committee who would be able to render valuable assistance, particularly in presenting the other side of the question.

CORRESPONDENCE.

THE MYSTERY.

[To the Editor of the Hongkong Telegraph.]

Sir,—Before departing for this salubrious city I was led to believe that its inhabitants were peculiarly intelligent, sophisticated and hard to please. I came prepared to be taught wisdom. I went to a vaudeville show the other night and as I entered, the audience such as it was, seemed about to faint en bloc with mirth. Two comedians were in the midst of a dialogue something on these lines:—

"You're a monkey."
"You're another."
"You're its sister."
"You're its brother."
"What say scientists by the dozen?"

"That the monk to us is cousin."
"I'm a monkey."
"So am I."
"I like nuts."
"And so do I."

Can you tell me a good town to move to?—Yours, etc., M. P.

Hongkong, Sept. 15th, 1925.

HELP NEEDED.

Sir,—I notice from your issue of 14th instant a proposal has been made that Government should be approached to make some sort of financial provision for the assistance of local industry and commerce, possibly by way of securing additional banking facilities, until such time as more normal conditions return.

Some scheme whereby Government would guarantee approved trade bills, something on the lines formerly adopted by the British Government through the Department of Overseas Trade in the case of exports from the United Kingdom, might meet present needs. In my opinion it is high time something were done to keep the wheels of industry and trade moving. Much ink is spilled impressing on the public that trade must be fostered by every legitimate means, but if credit facilities are restricted it is difficult to see how this can be done. I have reason to believe that trade is being lost by reason of the policy of credit restriction at present in force in the Colony. It is much to be desired that some tangible action should be taken to assist legitimate trade at the earliest possible moment.—Yours, etc., A MERCHANT.

Hongkong, Sept. 15th, 1925.

COMPANY MEETING.

SANDAKAN LIGHT AND POWER CO. LTD.

The third ordinary yearly meeting of the Sandakan Light and Power Co., Ltd., was held at the offices of the Company, St. George's Building, this morning. Mr. R. G. Shewan presided and there were also present Mr. W. J. Hawker, and Mr. Tong Hok-tin (Consulting Committee); Mr. Noel Braga (Secretary) and Messrs. H. H. Taylor, A. L. Shields, D. W. Munton, Tse Tsan-tai, J. Toppli, A. A. Botelho and F. J. Tavares (shareholders).

CHAIRMAN'S SPEECH.

The Secretary having read the notice convening the meeting.

The Chairman said:—Gentlemen.—The report and accounts having been in your hands for some time, I will with your permission take them as read. You will notice that these accounts cover a period of fourteen months ending 30th June, last. The reason for this is that the unissued capital was underwritten and all taken up on 17th June and we wished to show that we were starting the new financial year with the full Capital of \$500,000. The commission paid to the underwriters, amounting to \$23,806, will be written off by instalments and is, we consider, well expended, as the new capital will save in future the heavy expenditure we were formerly put to for interest, which you will see amounts to \$20,580.65 in the present accounts. Our position is now a sound one; we have paid our debts and start the new year with a clean sheet, and what is most satisfactory of all, we are now working at a profit. It has been uphill work and a hard struggle to get this Company on its legs, but that is the case with most young Companies, and we could not expect to do the amount of business right off that we shall do in the years to come. Customers come slowly, and it takes time and money to open up new districts and increase our sources of revenue.

A comparison of Working Accounts will be of interest as showing the slow but steady improvement we have made in the last three years. During the financial year 1922-23 there was a loss of \$4,245.50; in 1923-24 there was a profit of \$8,120.32, or an average of \$677 per month; whereas in the 14 months of 1924-25 there is profit on working of \$23,828.85, or an average profit per month of \$1,666. This, gentlemen, I think you will admit, shows a steady and healthy improvement in the business of the Company. On the other hand, I am pleased to be able to tell you that our expenditure for maintenance and repairs has been reduced from an average of \$2,087 per month to \$1,051 per month, and by the introduction of improvements to the boilers we have reduced the fuel consumption from an average of \$1,178 per month to \$801 per month. I must admit that the revenue has fallen slightly from \$6,747 per month to \$6,321, but this can be attributed to the general depression in the Borneo timber trade, for which I fear we can look for little improvement while the present troubles last in China. But there is a silver lining to this cloud in Borneo in the great improvement which has recently taken place in rubber. This must certainly result in a demand for more labour, and Sandakan being the chief commercial centre, public utility Companies like ours should feel this benefit in many ways. In fact, we hear that a large rubber company, which had made extensive plans for developments but had had to postpone them on account of the former depression in the rubber market, has already decided to re-commence operations, and no doubt other plantations will also be encouraged to increase their output.

As regards our plant, the two small belt-driven sets with which we started have been taken out and replaced by three first-class high speed vertical engines direct coupled to alternators, the total capacity being 750 K.W. As this is far beyond our present requirements, we do not expect to have to face any further capital expenditure for some years to come, unless of course Sandakan should develop at a much greater rate than at present, in which case we shall be very glad indeed to take steps to increase our output. Further, the boiler house plant has been increased by the addition of

PRINCE GEORGE IN JAPAN.

Tokyo, Sept. 15.
Prince George arrived at Tokyo this afternoon, and was met by prominent officials and Imperial representatives.

two water tube boilers, and it is our intention to dispose of one of the original boilers with which the plant was started. The whole of the plant and distribution system have been kept in first-class condition, and I can safely say that we have to-day an up-to-date installation which will compare very favourably with most installations of a similar size.

With regard to depreciation, we have put aside \$7,109.51 towards the amortization of the cost of the Concession; but we have not provided for any depreciation of buildings in view of the improvements which have just been made to them, nor for depreciation of plant, as the engines were bought as a bargain much below present prices, and the whole plant, our technical advisers assure us, stands much below the cost of replacing it to-day.

The Resident Engineer reports that the Government have now given the necessary permission for the extension of our high tension lines to the wireless station. These lines will supply the necessary power and lighting for these installations. There are also one or two small villages in the neighbourhood, as well as the golf club, and these, no doubt, will also take light from our mains. There is in this district also a rubber plantation, and as soon as our lines get out as far as the wireless station, we have instructed the Resident Engineer to approach the rubber company with a view to driving their machinery by means of electric power. The water works I referred to in my last year's speech has not yet been installed, but we learn that it has now been definitely decided to proceed with this scheme as quickly as possible. It is only a matter of time, I feel, when all industries at present using their own power will become electrically driven, and the fact that we can make over \$23,000 in a period of depression is surely a good indication that we shall do very much better when general business returns to normal conditions. I now propose that the report and accounts as presented be passed; and when that has been seconded I shall be pleased to answer any questions from shareholders.

Mr. Tong Hok-ting seconded and the proposal was agreed to without questions.

Business Matters.
On the proposition of Mr. H. H. Taylor, seconded by Mr. D. W. Munton, Messrs. R. G. Shewan, W. J. Hawker and Tong Hok-ting were re-elected members of the Consulting Committee for the ensuing year.

Messrs. Lowe, Bingham and Matthews and Messrs. Percy Smith, Seth and Fleming were re-elected auditors at a fee to be arranged, on the proposition of Mr. Tse Tsan-tai, seconded by Mr. J. Toppin.

This was all the business.

HONGKONG FOOTBALL LEAGUE.

NEW SECTION: THE SEASON'S FEATURES.

[BY "WANDERER"]

The important decision to split the Second Division of the Hongkong Football League into two sections was made at a meeting held last evening.

Making the proposition, Mr. Wheeler pointed out the disparity last season between those teams at the top and those at the bottom of the Second Division. He thought that it was discouraging to the sides that went into the field almost certain of defeat and suggested that it would meet the case if the weaker sides were put in a "B" section. He felt sure that this would stimulate interest and might be the result of bringing other clubs into the league competition.

Mr. F. T. James, Hon. Secretary of the league seconded, and after further discussion, the motion was passed with about four dissentients.

The first division of the League will be, as last year, constituted of eight clubs, South China "B" having withdrawn and having been replaced by the successful Club de Recreo team.

Eight clubs, Kowloon "A," Club Res., South China "A," Surrey Reserves, Surrey Drums, Club de Recreo "A," R. A. Reserves, and St. Joseph's "A" were elected to the "A" Section of Division II.

It was decided to leave the "B" Section open for further entries. At present there are but five clubs, Kowloon "B," South China "B," St. Joseph's "B," Moslem F.C., and Club de Recreo "B" but the Club are endeavouring to get together a third eleven, while it is expected that further clubs will signify their intention of joining before the closing date, September 28th. Progress

Two recent developments have focused
public attention on Graham Brothers Trucks
as never before.

One was the recent price reductions.

The other was Graham Brothers ascendancy
to leadership by building more 1½ ton trucks
than any other manufacturer in the world,
during the first quarter of 1925, and by
achieving second position in the 1 ton and
1½ ton fields combined.

Progress such as this deserves public atten-
tion—and eliminates all doubt as to the
logical truck to buy!

SOVIET PLANES.

TO BE SHIPPED TO CANTON.

With reference to our recent
report of the possibility of the two
Soviet aeroplanes coming to Can-
ton shortly, further news has
reached us that these planes are
to be stopped at Shanghai on
arrival from Kobe for the purpose
of being transhipped by a direct
Chinese steamer to Canton.

It is stated that the aviators
and mechanics will accompany
these two planes on their voyage
to Canton.

LOCAL RADIO.

AMATEUR'S ENQUIRY.

Mr. J. A. Sank, the local
amateur who has succeeded in
listening in to Shanghai concerts
on a one-valve set, writes us as
follows:—"I should be obliged if
you or any of your readers who
can throw light upon the follow-
ing matter will communicate with
me: One Wednesday evening
about two weeks ago I listened in
on my one valver about 7.30 p.m.
and picked up some music, also a
lengthy speech by a voice which
was undoubtedly that of an
American lady, but was unable
to follow it due to strong local
noise going at the same time. It
could not have been the K.R.C.
Shanghai as they were supposed
to broadcast Chinese music at that
hour every night. Up to the pre-
sent I have not been able to trace
this station, which seemed to
work on between 345 to 350
metres.

SHANTUNG FLOODS.

DYKE REPORTED
BREACHED.

Peking, Sept. 15.
In connection with the reported
floods in Shantung, the Famine
Relief Committee at Tsinanfu re-
cently telegraphed to Peking
stating that the dyke had broken,
but reports regarding the damage
and casualties are conflicting.
It is known, however, that condi-
tions are bad, and relief work
will be started soon.—Reuter.

Before Mr. S. B. B. McElderry,
at the Central Magistracy this
morning, a motor lorry driver in
the employ of Messrs. A. S.
Watson and Company was
charged on remand with
negligently driving a lorry and
causing an accident in Wellington
Street which resulted in a fortune-
teller being knocked down and
injured. He was again remanded
on a bail of \$1,000. Mr. M. W. Lo
appeared for the defence.

Marshal Feng Yu-hsiang has
wired to the Chief Executive,
accepting his concurrent appoint-
ment to the Tapaniship of Kansu;
but he will not proceed to Lan-
chow until General Lu Hung-tai
has sent the official seals of the
Kansu Tapan to him, says a
Peking message. It is stated
that notwithstanding the great
influence and strength of the
Muhammadan Generals in
Kansu, the "Christian" Marshal
expects no trouble in the province
as a result of his appointment.

To-day's weather report states

In honour of Field Marshal
Earl Haig, the junction of the
main line of the Canadian Pacific
Railway with the Kettle Valley
Railway was named Haig. On
his trip through Canada recently
the Earl noticed this with pride,
and sent several letters to be mail-
ed from there. At Kenora, Ontario,
on the way to the coast, the Field
Marshal's special car, "Killar-
noy," was stopped in order to let
its distinguished passenger do some
fishing. The Canadian Pacific
placed this same car at the dis-
posal of the Prince of Wales on
his Canadian trip. It was used
also for many years by Lord
Shaughnessy and was named by
him after his mother's birthplace.
